## 冰鮮 Chilled **USDA CATEGORIZED 100% GRASS FED ANGUS BEEF** 種類級別

American Farms Network grass-fed beef is not fed any grain.

Their certification by the American Grassfed Association explicitly prohibits grain or grain products in the diet of their cattle. These cattle have continuous access to pasture and are raised on a 100% grass-fed diet.

**100% Grass-Fed:** AFN emphasizes that their cattle consume only grass and forage throughout their lives.

**No Grain:** A key aspect of their certification is the exclusion of any grain or grain byproducts.

**Pasture-Raised:** The cattle are raised on pasture, not in feedlots, and have continuous access to grazing land.

**American Grassfed Association Certification:** The AGA certification ensures that the beef meets strict standards for grass-fed practices, including the prohibition of grain.
